Each 10'x10' booth is furnished with one 6' black draped table, two chairs, carpeting, a wastebasket, pipe and drape. If you would like any additional furnishings, you can rent them from XPERT.

BOOTH APPEARANCE

- Displays and merchandise should have a neat and professional appearance consistent with the quality standards of the San Jose McEnery Convention Center and Competitor Group, Inc.
 - For example, handwritten signs or the use of cardboard cartons for display fixtures are not permitted
- Merchandise should be displayed in appropriate display containers, and not simply piled on tables

PROMOTION AND YOUR NEIGHBORS

Competitor Group, Inc. strives to offer all exhibitors the conditions most favorable to promoting their products or services. Therefore we ask that all aspects of your promotion be limited to your booth area, so that you do not interfere with your neighbors' ability to attract and speak with expo attendees. For example, **loud music or flashing lights** intrude on neighboring booths, and are prohibited. Similarly, if your promotion attracts long lines that block access to neighboring booths or clog the aisles, we will ask you to limit or suspend some aspects of your promotion. This frequently happens with **wheels to spin for prizes**.

FREIGHT & LABOR

The San Jose McEnergy Convention Center requires the exclusive use of Union labor. Please consult the XPERT Exhibitor kit for price lists, order forms, and other information. Please also note the union regulations in the XPERT Kit concerning labor for drayage and for display installation and dismantling.

Advance Shipping

- San Jose McEnergy Convention Center will not accept advance shipments. All advance shipments must be sent to the XPERT warehouse.
- Freight shipped in advance to the XPERT warehouse will be delivered directly to your booth prior to setup hours on Thursday, October 5th. Using this service avoids lines at the loading dock and ensures early delivery of freight to your booth, so we encourage you to consider this option.

Arriving Freight

- Please label all freight clearly with your Booth Number, c/o XPERT, and "Rock 'n' Roll San Jose Health & Fitness Expo." For specific labeling instructions, please see the XPERT Exhibitors Kit.
- If you are shipping freight directly to the Expo, please note that deliveries will only be accepted during expo setup hours (see above for setup hours).
- San Jose McEnergy Convention Center **will not** accept and store deliveries before this time.

Drayage – (moving freight between your vehicle and your booth)

- Please see your XPERT Exhibitor Kit for more information. If you are bringing freight to the expo, please note drayage charges by weight for larger quantities of materials.

Return Freight

- All materials must be removed from the hall by 10pm on Saturday, September 26th.
- San Jose McEnergy Convention Center will not hold materials for a later pick-up.
- XPERT representatives will be on site to assist Exhibitors with return freight.

SAMPLING OF FOOD & BEVERAGES

- The San Jose McEnergy Convention Center does not permit exhibitors to sell food or beverages.
- **Sampling requires written authorization from the Convention Center Catering Manager and a permit from the Dept. of Environment Health. If you do not have these applications, please contact Max.**
- The Convention Center prohibits the ordering and delivery of prepared "takeout food" from any source.
- Exhibitors sampling food or beverage **must** order porter services through XPERT

SECURITY

- Twenty-four hour security service is provided by the Expo. Although we cannot guarantee the security of articles left in your booth overnight, we have enhanced security with this policy: When the Expo is closed, no venue or exhibitor personnel will be allowed in the exhibit areas unless accompanied at all times by Security.
- We suggest that you take small valuables with you at night.

STORAGE OF FREIGHT AND EXHIBIT MATERIALS

- Your freight and exhibit materials must be stored within your booth.
- San Jose McEnergy Convention Center has no facilities for secure or open storage space before, during or after the Expo.
- If you have special storage needs, please contact Max **before** the Expo.

AISLE SAFETY

Fire Department safety regulations require that aisles be kept clear at all times. Please be sure that your table and other booth furnishings do not go past the **edge of your carpet**. We must ask that your promotions remain within the confines of your booth. **Please do not leaflet or distribute products in the aisles or near the doors.**

JANITORIAL SERVICES

- Show Management provides aisle cleaning only
- Exhibitors are responsible for emptying their own waste baskets and for depositing their unwanted cartons in the receptacles provided.
- **Companies sampling products that use paper plates or cups generate large quantities of trash and are therefore required to arrange for Porter Service through XPERT at exhibitor's expense**

HELIUM BALLOONS

- Helium-filled balloons may not be given out to expo visitors, or used for booth decoration
