BOOTH FURNISHING

Each 10'x10' booth is furnished with one 6' black draped table, two chairs, carpeting, a wastebasket, pipe and drape. If you would like any additional furnishings, you can rent them from Xpert.

BOOTH APPEARANCE

- Displays and merchandise should have a neat and professional appearance consistent with the quality standards of Pennsylvania Convention Center and Competitor Group, Inc.
 - For example, handwritten signs or the use of cardboard cartons for display fixtures are not permitted
- Merchandise should be displayed in appropriate display containers, and not simply piled on tables
- Tables used along booth perimeters must be draped by Xpert.
- There should be no overflowing trash visible in your booth

BOOTH DISPLAY HEIGHT

- Maximum height for all booths is 8 feet. Display fixtures, signs or merchandise may not be placed above the standard 8' height of the booth backdrop (10' for constructed displays)
- Maximum height for constructed displays may extend to 12 feet only with prior approval from show management
- Tents may be used if they do not block visibility of adjacent booths. Fire Department regulations also require that they be made of fire-retardant material, and exhibitor must have available at the expo a document certifying that the tent fabric is fire-retardant

- Please break down your boxes before discarding them - Thank you!

YOUR PROMOTION AND YOUR NEIGHBORS

Competitor Group, Inc. strives to offer all exhibitors the conditions most favorable to promoting their products or services. Therefore we ask that all aspects of your promotion be limited to your booth area, so that you do not interfere with your neighbors' ability to attract and speak with expo attendees. For example, **loud music or flashing lights** intrude on neighboring booths, and are prohibited. Similarly, if your promotion attracts long lines that block access to neighboring booths or clog the aisles, we will ask you to limit or suspend some aspects of your promotion. This frequently happens with **wheels to spin for prizes**.

FREIGHT & LABOR

Please see the Xpert Exhibitor Kit for details on union regulations.

Advance Shipping

- Pennsylvania Convention Center will not accept advance shipments. All advance shipments must be sent to the Xpert advanced warehouse.
- Freight shipped in advance to the Xpert warehouse will be delivered directly to your booth prior to setup hours on Wednesday, September 12th. Using this service avoids lines at the loading dock and ensures early delivery of freight to your booth, so we encourage you to consider this option.

Arriving Freight

- Please label all freight clearly with your Booth Number, c/o Xpert, and "Rock 'n' Roll Philadelphia Health & Fitness Expo." For specific labeling instructions, please see the Xpert Exhibitors Kit.
- If you are shipping freight directly to the Expo, please note that deliveries will only be accepted during expo setup hours (see above for setup hours).
- Pennsylvania Convention Center **will not** accept and store deliveries before this time.

Drayage – (moving freight between your vehicle and your booth)

- Please see your Xpert Exhibitor Kit for more information. If you are bringing freight to the expo, please note drayage charges by weight for larger quantities of materials.

Return Freight

- All materials must be removed from the hall by 10:00pm on Saturday, September 15th.
- The Pennsylvania Convention Center will not hold materials for a later pick-up.
- Xpert representatives will be on site to assist Exhibitors with return freight.

SAMPLING OF FOOD & BEVERAGES

- The Pennsylvania Convention Center does not permit exhibitors to sell food or beverages.
- All vendors who need to sample will need to submit a sampling form to **Aramark**– the official caterer of the Pennsylvania Convention Center. Please ask Laura for more details.
- The **Philadelphia Health Department** requires all exhibitors sampling food to submit a Temporary Food Permit Application. Please ask Laura for more details.
- Exhibitors sampling food or beverage **must** order porter services through Xpert

SECURITY

- Twenty-four hour security service is provided by the Expo. Although we cannot guarantee the security of articles left in your booth overnight, we have enhanced security with this policy: When the Expo is closed, no venue or exhibitor personnel will be allowed in the exhibit areas unless accompanied at all times by Security.
- We suggest that you take small valuables with you at night.

STORAGE OF FREIGHT AND EXHIBIT MATERIALS

- Your freight and exhibit materials must be stored within your booth.
- The Pennsylvania Convention Center has no facilities for secure or open storage space before, during or after the Expo.

aisle SAFETY

Fire Department safety regulations require that aisles be kept clear at all times. Please be sure that your table and other booth furnishings do not go past the **edge of your carpet**. We must ask that your promotions remain within the confines of your booth. **Please do not leaflet or distribute products in the aisles or near the doors.**

JANITORIAL SERVICES

- Show Management provides aisle cleaning only
- Exhibitors are responsible for emptying their own waste baskets and for depositing their unwanted cartons in the receptacles provided.
