- ✓ 20x30 booths and above will be allowed limited sound, speakers and/or microphones. Subwoofers are **strictly** prohibited from the exhibitor floor. Sound should not exceed 85 decibels (dB).

Please note:

- First-time violators of the above stated guidelines will be issued one (1) verbal warning.
- Second-time offenders will be issued one (1) written warning from Show Management.
- On the third offense, show management will instruct the Georgia International Convention Center to disconnect the power to the booth until the sound levels have been adjusted.

I have read and fully understand the requirements of the new sound policy and will comply accordingly. It is also understood that the penalties stated are clearly received and accepted by myself and my team.
