

2021
**CONCEALED CARRY
& HOME DEFENSE
EXPO**
PRESENTED BY: USCCA

October 1st - 3rd | Fort Worth, Texas

We have a new firearms policy for any on-site sales. If you intend to sell or display firearms on the site, you **MUST** sign and return our updated [Firearms Agreement](#) with a copy of your FFL.

Highlighted updates to our firearm sales and display rules and regulations include:

- Any Class 3 weapons, including but not limited to machine guns, explosive ordinance, destructive devices and parts designed specifically to convert a semi-automatic firearm to a fully automatic firearm, shall NOT be displayed or offered for sale at this event.
- The USCCA Concealed Carry Expo is a purchase-only gun expo. No gun trading is permitted. Deliveries of all firearms to purchasers shall take place off of the Expo premises. There shall be no physical transfer of any firearms on the Expo premises.
- In order to avoid any theft, all handguns **MUST BE** tied with electronic devices or cord. Firearms in glass cases need to be tied or otherwise linked together.
- **ALL DISPLAY GUNS MUST BE UNLOADED**, tied and the magazines removed. All guns must be unloaded and tied or firing pins removed to render them non-fireable. This includes long guns and guns in gun cases. This must be done by the time we are open to the public. Have extra ties on hand to put on guns you buy and ones that are cut off to show gun operations to customers. Recheck all guns periodically to ensure that all are tied. Gun ties will be available at the registration desk and are sold at cost.
- **ALL AMMO MUST BE** in sealed containers. No loose ammo allowed. All ammo *must* be boxed and sealed. No Ammo is permitted to be displayed next to firearms for sale. Ammo dealers please note: Do not overload your tables as ammo is heavy and may cause the table to become damaged. It will be your responsibility to pay for any damaged tables.
