The Niagara Falls Convention Centre must receive this Booth Layout Form along with your completed Electrical Order Form to ensure proper placement of services in your booth.

Use the grid below to indicate placement of Niagara Falls Convention Centre services and your product.

- Use bold lines to indicate the outline of your booth
- Circle the correct booth type and fill in the proper orientation around your booth.
INLINE BOOTH PENINSULA BOOTH ISLAND BOOTH
- Indicate the dimensions of your booth _____
10x10: 1 square = 1 foot; 20x20: 1 square = 2 feet; 40x40: 1 square = 4 feet etc.
- Overhead or Undercarpet outlets: Draw an 'O' for Overhead or 'U' for Undercarpet placement

BACK OF BOOTH Indicate Adjacent Booth or Aisle Number: _____

Adjacent Booth or Aisle Number: _____

Adjacent Booth or Aisle Number: _____

FRONT OF BOOTH Indicate Adjacent Booth or Aisle Number: _____

All orders are governed by the Niagara Falls Convention Centre Payment Policy and Terms Conditions of Contract as specified on order form or website.

Mechanical Services

SPECIFICATIONS:

1. Compressed air pressure is approximately 110 PSI and available in most spaces by ordering from the Niagara Falls Convention Centre. Please use the SCCN's Mechanical Order Form to order this service.
2. The Niagara Falls Convention Centre does have floor ports equipped with water and drain.
3. Air lines are distributed from floor ports.
4. Only 1/2in. (Half Inch) air lines can be run under carpet in booths.
5. If you are in an Island booth, please indicate a main air drop location on the NFCC's Booth Layout Form and submit with your Mechanical Order Form. The NFCC will distribute any under carpet requirements from that location.
6. Water pressure is approximately 50 PSI and available anywhere in the facility by ordering from the NFCC's Mechanical Order Form.
7. If you require hot water for your booth, an electric hot water tank will need to be installed by the NFCC within your booth space. Please plan accordingly and notify us in the Special Requirements space on the bottom of the NFCC Mechanical Order Form or call us for assistance: 905-357-6222.
8. Sanitary floor drains are located in various locations within the facility. Please check with the Niagara Falls Convention Centre (905-357-6222) as soon as possible if you require a drain connection
9. Prices subject to change without notification.
